elea, a professional philanthropic investment management organization fighting absolute poverty with entrepreneurial means, is looking for a

Head of Controlling and Reporting

with the potential to grow and take on increasing individual responsibility.

About the role

- Leading all aspects of financial and impact data management, including budgeting, forecasting, and reporting
- Maintaining and adapting financial and impact KPIs by coordinating with stakeholders in the various streams and hubs
- Developing and optimizing financial models to support decision-making in investment processes, including due diligence, and portfolio analyses
- Management of annual financial and social impact reporting processes, planning and coordination with auditors
- Managing short term liquidity and working capital
- Supervising invoices and payment workstreams with external stakeholders
- Supporting the team throughout the investment chain, from sourcing, due diligence to value creation
- Reporting to CFO

About you

- Several years of relevant work experience (financial analyst / business control / financial control)
- Affinity for philanthropy and impact investing
- Interest for early-stage impact investments and to work on sourcing and due diligence
- Excellent modelling and Excel capabilities
- Highly analytical and structured with a problem-solving mindset
- Strong written and verbal communication skills
- Bachelor or Master's degree in finance, accounting, business administration, or related field
